

HYMER Passenger door safe Fiat Ducato

Part number: 2862561

*The door storage compartment must be removed in order to be able to install the door safe.
In order to do so, the 4 Torx screws must be undone and removed.*

The safe is screwed to the door panel via the original screw points.

*In order to prevent theft, replace the four fastening screws with special screws.
Attention: Please retain the supplied special bit in a safe place.*
